Korrvu[®]

Suspension and Retention Packaging

Higher Standards

Korrvu[®] packaging is shipped flat and assembled on-site, as needed. The high-performance design can easily be reused and is made from renewable cellulose paper fibers. It is easily recycled with common corrugated boxes.

Korrvu® Standard Packaging Program

All-Purpose Packaging

Standard Designs

Appropriate for a wide array of products without the custom design process.

Fast and Easy Start

Short lead-time for delivery of Korrvu® packaging inserts and outer cartons. No setup fees, tooling, or equipment required.

Proven Protection

Engineered packaging solutions protect your product from shock and vibration.

Maximum Versatility

Resilient film conforms to a variety of shapes creating a one-size-fits-many solution.

Space Savings

Stores flat reducing storage requirements.

Environmentally Sound

Readily recyclable in corrugated hydropulping operations and RESY approved for recycling in Germany. Reusable for return shipments.

Assembly Instructions available at <http://instructions.korrvu.com>

Korrvu® Retention Packaging

Holds a product securely within its proprietary retention frame and revolutionary film membrane to provide engineered protection for a wide range of applications.

Korrvu® Suspension Packaging

Suspends the product in the airspace of the shipping container between two layers of highly resilient, low-slip film. The package protects from shock and vibration.

Product	Description	Assembled Size	Suggested Uses
Standard 1	Retention Box <i>A one-piece combination of retention insert and RELF outer carton</i>	7.5" × 5.5" × 2"	Hard drives, small circuit boards, cell phones, cameras, meters & gauges, handheld computers
Standard 2	Retention	11" × 8" × 2"	Circuit boards, books & videos, accessories, cables, replacement parts, awards & plaques
Standard 3	Retention	14" × 12" × 2.75"	Motherboards, circuit boards, CD ROM drives, hand-held electronics, computer peripherals, replacement parts
Standard 4	Laptop Pack	17" × 17" × 8"	Laptop computers
Standard 5	Retention	12" × 10" × 5"	Spare parts, electronic assemblies, drives, power supplies, hand held electronics
Standard 6	Suspension	12" × 10" × 5"	Digital cameras, consumer electronics, drives, measuring equipment, optics, glass, ceramics
Standard 7	Retention	11.5" × 2.375" × 13.25"	Fits FedEx medium box and USPS priority mail box 0-1097. Electronics, circuit boards, framed photos, books, CDs, gifts
Standard 8	Retention	12.5" × 3" × 17.5"	Fits FedEx large box, large circuit boards, gifts, award plaques, books, electronics
Standard 9	Retention	18.875" × 16.875" × 5"	15" and 17" laptop computers, consumer electronics.
Standard 10	Korrvu® Hybrid™	12" × 10" × 5"	For higher levels of cushioning protection when packaging lightweight, fragile components like small to mid-sized electronics, PCB, tablets or cameras. Combines cost benefits of Retention packaging with performance characteristics of Suspension packaging.
