

Zerust[®] ICT[®] 510-SM Film

TECHNOLOGY THAT PROTECTS METAL FROM CORROSION

FEATURES

- Proven corrosion protection
- Easy-to-use
- Stretchable
- Tear Resistant
- Recyclable

BENEFITS

- Reduce corrosion incidents
- Improve shipment yield rates
- Protect large shipments or pallets
- Save money & resources
- Comes with Zerust global on site support

Use Zerust ICT510-SM Film in place of your standard stretch film and make packaging and corrosion protection into one easy step.

APPLICATION TYPE

PRODUCT INFORMATION

Zerust[®] ICT[®]510-SM VCI Stretch Film contains proven Zerust vapor corrosion inhibitors (VCI). Zerust VCI Stretch Film works double-duty to wrap and protect metal items from corrosion and damage in storage and shipping. It is ideal for machine-stretch applications on large, irregularly shaped or bundled ferrous metal items. Smaller rolls are also available for hand-stretch applications. Zerust VCI Stretch Film packaging protects ferrous metals from corrosion for up to five years.

Zerust ICT510-SM VCI Stretch Film is a high-quality cast film. The film's high-stretch tension enables it to form to irregularly shaped objects. Its superior elastic stretch memory assures load stability in transit and tear resistance. It maintains a tight wrap despite heavy abrasion and random cuts. Use Zerust VCI Stretch Film to wrap pallet loads, bundles, large items, or irregularly shaped metal items such as gears or entire machines.

APPLICATION EXAMPLES

ZERUST[®] ICT[®]510-SM FILM USED TO PROTECT A PALLET OF GEARS FROM CORROSION DURING TRANSIT.

ZERUST[®] ICT[®]510-SM FILM SIZED FOR HAND APPLICATION USED TO WRAP A STEEL BOAT PROP MAKING IT READY FOR INDOOR STORAGE.

CORROSION PROTECTION FOR:

ORDERING INFORMATION

AVAILABILITY/PART NUMBER

- 20" x 4000' x 1.25 ga. rolls
32 rolls/pallet, price breaks available
Part Number: 250-F-00002
- 4" x 667' x 1.25 ga. case of 12 rolls
Part Number: 250-F-00006

PHYSICAL PROPERTIES

- Machine grade
- Cast film
- Impact strength: 129 g
- Yield: 24,000 sq in / lb

COLOR

Yellow is the standard color of Zerust® ICT510-SM Film. Other colors available upon request.

PROTECTION TYPE

Available in ferrous corrosion protection capabilities.

PROTECTION LIFE

Will protect metals for up to 5 years if properly packed and stored.

SHELF LIFE

Shelf life of 2 years if stored at 85° F (30° C) or less, out of direct sunlight and in original packaging.

ICT®500 SERIES OVERVIEW: PACKAGING FILM PRODUCTS

We offer a full range of products for all types of situations.

Choose by corrosion protection abilities.

Choose by physical protection abilities.

Find the product that best fits your needs.

We make a variety of products that are right for your specific situation. For more information about the various products listed above, please visit our web site at www.zerust.com or contact us at +1 (763) 225-6600.

OTHER PRODUCTS AVAILABLE

ICT 700 Series: Liquid Additives and Coatings

Temporary corrosion protection for parts in-between production processes, during storage or for added protection to the ICT® 500 series products during ocean shipments.

ICT 800 Series: Diffusers

Self-contained, portable products that diffuse Zerust® ICT® chemicals to protect metals within enclosures, such as tool boxes, electrical boxes, etc.
